Type B Dynamic 1-1/2 Hr. Sizing Chart

'B' = Duct Connection Height

'H' = Overall Damper Height

Type B max. single section duct connection height is 20" (508), vertical or horizontal mount. Larger heights up to 45" (1143), vertical mount only, will be manufactured in 2 sections high. Larger heights up to 69" (1753), will be manufactured in 3 sections high. Dynamic horizontal mount multiple section assemblies are not available (contact factory).
